PROFILE

French actor and director, 20+ years on stage and screen. I direct AI video pieces where the performance is real and the world is built around it: I shoot the scene, then generate the set, the camera moves and the events, holding the same character from the first frame to the last. Recent work includes Google's AI training project in California.

SELECTED AI WORK — FULL PORTFOLIO AT [WORKS.NOMAN.CH](https://works.noman.ch)

The Audition — a full dialogue scene: one real iPhone take, the casting room, angles and partner generated afterwards.

The Crash — comedy sketch shown as original and AI version in one frame: news studio, highway pile-up, two-hander car scene.

Schwoops — a finished shampoo commercial set in a prison shower, built from a single living-room take.

Saddam & Chirac — bilingual satire; two historical characters held consistent across a full dialogue scene.

BrocoliLand — an invented theme-park world built around a live performance.

EXPERIENCE

Performer — Google AI Training Project (Cara Casting LLC, Playa Vista, Oct 2026). On-camera performance work for AI training.

Director, writer, actor — short films Everything About Women (2024, also producer and editor) · The Snitch (2021, lead role) · Paumé (2016).

Stand-up comedian — Jamel Comedy Club (Paris), Montreux Comedy, Laugh Factory (Long Beach); paid US club work since 2026; performs in French and English.

Actor — 17 screen credits including Cliqua (2026), Fais pas ci, fais pas ça (France 2), Profilage / The Paris Murders (TF1).
